Dear Counselor:

Enclosed is the 1999-2000 edition of the Institutional Profiles, University of North Carolina. As you know, this report was recommended by an ad hoc committee of high school counselors that was convened in the summer of 1992. It is a single source of much of the information used by counselors and students in their consideration of UNC institutions.

Statewide distribution of the Profiles is the same as in previous years:

- fifteen (15) copies per high school - one per counselor, with the remaining copies for the library or other school offices; and
- five (5) copies per transfer counselor at each college and university in the state.

Extra copies are available by request, but are limited. Additional copies can be obtained by contacting Dr. George Antonelli (919-962-4559).

Institutional Profiles is available on the web at <http://www.ga.unc.edu/publications/>, and additional information for prospective undergraduate students can be found at [http://www.ga.unc.edu/student\\_info/](http://www.ga.unc.edu/student_info/). Administrators, counselors, and prospective students should find the information at these sites helpful.

Gratified by the positive responses to Profiles, I will continue to welcome your comments and suggestions for improvements. I wish to thank you and your colleagues for the important work you do in helping students to achieve their full academic potential.

Sincerely,

Molly Corbett Broad

cc: Superintendents  
Dr. Antonelli

## Introduction

The profiles, tables, and narrative materials in this document were prepared in response to suggestions from school counselors and university staff. Their purpose is to consolidate essential information about the constituent institutions of the University of North Carolina into one publication that may be used in whole, or in part, by school counselors, students, and their parents.

The information contained in this document is not exhaustive. The task of providing complete information about academic programs, college costs, and campus life properly remains with each individual campus and we invite you to write or visit campus admissions offices as your interests dictate. The information in this document is provided to introduce students and their parents to each campus and to facilitate comparisons among campuses on measures of special importance to prospective college students.

The data in these profiles are as current as our data collection schedules permit; no estimates or projections are provided for future years. This is because campus policies are always subject to change due to changes in state and federal laws, regulations, and funding levels, and of course, to the campus governance process itself. These changes are seldom large, however, and rarely affect essential differences among the campuses.

Institutional Profiles is produced once annually in the fall and distributed to high school counselors and transfer counselors in North Carolina. Suggestions for improvement or changes in distribution should be forwarded to:

## Locations of the 16 Public Senior Constituent Institutions of the University of North Carolina

## Notes and Explanations

Please be aware of the following as you study and use the institutional profiles of the University of North Carolina.

- The abbreviations of the 16 campuses of the University of North Carolina used in this publication are as follows:

ASU	Appalachian State University	UNC-A	University of N.C. at Asheville
ECU	East Carolina University	UNC-CH	University of N.C. at Chapel Hill
ECSU	Elizabeth City State University	UNC-C	University of N.C. at Charlotte
FSU	Fayetteville State University	UNC-G	University of N.C. at Greensboro
NCA&T	N.C. Agricultural and Technical State University	UNC-P	University of N.C. at Pembroke
NCCU	N.C. Central University	UNC-W	University of N.C. at Wilmington
NCSA	N.C. School of the Arts	WCU	Western Carolina University
NCSU	N.C. State University	WSSU	Winston-Salem State University

- Data in the institutional profiles reflect what was current when taken to press, and may be subject to change over the course of the year.
- The Freshman Common Application Form which may be used to apply to any of the 16 constituent institutions of the University of North Carolina is included in the Appendices. Please feel free to duplicate and distribute this form.
- Admissions criteria include factors other than high school rank and SAT scores, and may vary from institution to institution.
- High school class rank and SAT score profiles are based on enrolled first-time freshmen who had both sets of data at the time of their admission. Some non-traditional students may not be represented in these profiles.
- The retention rate is based on the first-time full-time freshmen entering each institution in the fall of 1997 and returning to the same institution for their sophomore year in the fall of 1998. Graduation and persistence rates are based on fall 1992 first-time full-time freshmen. Graduation rates show the percentage of these freshmen who have graduated from their original institution after 4, 5, and 6 years; persistence rates show the percentage who have either graduated or are still enrolled at their original institution after 4, 5, and 6 years.
- The estimated annual student cost includes estimates for a regular nine-month college year. Estimates for summer attendance are not included.
- Advanced Placement (AP) credit information is shown in abbreviated form. Institutional policies represent final authority.
- The General Administration of the University of North Carolina uses a slightly different system for classifying majors than the individual institutions may use in their publications. A more complete breakdown is shown in the *Academic Program Inventory*, a copy of which is distributed to high school counselors every even-numbered year. A copy of the institution's catalog may provide valuable assistance in interpreting abbreviations.
- The titles for persons shown as directors of student financial aid and directors of admissions are generic. Exact titles may vary from one institution to another. Correspondence addressed as shown will reach the proper person.

## REQUIREMENTS FOR UNDERGRADUATE ADMISSION

---

Requirements for admission vary among the 16 constituent institutions. All require high school graduation or a high school equivalency certificate, a transcript showing all courses taken and grades received, SAT (or ACT) scores, and an application fee. Most require a list of high school extracurricular activities and a recommendation from a counselor or teacher.

High school students should take the SAT (or ACT) either in their junior year or in the fall of their senior year. Scores are forwarded directly to the admissions officer of the campus applied to by the agency which administers the test. Students unable to pay the fee for the test may request through their high school counselor a waiver.

### **Minimum Admissions Requirements at the 16 Institutions of the University of North Carolina**

For the class of 1990 and beyond, the following courses will be required for admission, in addition to an institution's own specific requirements:

In **English**, four course units emphasizing grammar, composition, and literature;  
In **mathematics**, three course units including **algebra I**, **algebra II**, and **geometry**, or a higher level mathematics course for which algebra II is a prerequisite;  
In **science**, three course units including  
-- at least one unit in a life or **biological science** (for example, biology)  
-- at least one unit in a **physical science** (for example, physical science, chemistry, physics), and  
-- at least one **laboratory course**; and  
In **social studies**, two course units including one unit in **U.S. history**, but an applicant who does not have the unit in U.S. history may be admitted on the condition that at least three semester hours in that subject will be passed by the end of the sophomore year.

In addition, it is recommended that prospective students complete at least two course units in one foreign language, and take one foreign language course unit and one mathematics course unit in the twelfth grade.

"Course units" as defined in these requirements may include those high school level courses taken and passed by an applicant after graduating from high school, as well as those taken while enrolled as a high school student.

For some transfer students and students who graduated from high school prior to 1990, special considerations have been made.

**Individual constituent institutions may require other courses in addition to the minimum requirements.**

In reviewing applications, admissions officers consider applicants' high school courses taken and grades received, class rank and/or grade point average, SAT (or ACT) scores, extracurricular activities, and recommendations.

For transfer students, requirements for admission usually include a transcript from high school and each former college attended, eligibility to return to the institution last attended, "C" cumulative average grade on all work attempted at other colleges, and an application fee.
